MASSIMODECARLO

Olivier Mosset
Biografia

Olivier Mosset è nato nel 1944 a Berna, in Svizzera; vive e lavora a Tucson, in Arizona.

Con un approccio minimalista che esplora l'astrazione concettuale nel mondo della pittura, Olivier Mosset compie un'indagine profonda sui concetti fondamentali di creazione, minimalismo e autorialità. Figura centrale dell'astrazione del dopoguerra, Mosset ha intrapreso il suo percorso artistico nella Parigi degli anni Sessanta. Dopo aver collaborato con Jean Tinguely e Daniel Spoerri, ha stretto legami con gli artisti Daniel Buren, Michel Parmentier e Niele Toroni. Insieme, hanno realizzato una serie di interventi artistici rivoluzionari che hanno sfidato le convenzioni del mondo dell'arte, confluendo poi nella formazione del celebre collettivo BMPT.

Gli iconici dipinti a cerchio nero di Mosset, che comprendono 200 tele identiche di 1 m x 1 m realizzate tra il 1966 e il 1974, hanno consolidato la sua posizione di innovatore nella ricerca della neutralità creativa. Trasferitosi a New York, la sua pratica subisce una svolta decisiva, concentrandosi sull'esplorazione del colore e delle dimensioni dei suoi dipinti, producendo esclusivamente monocromi fino al 1986. Negli anni successivi, Mosset si è dedicato alla sperimentazione degli elementi fondamentali della pittura stessa.

Le opere di Mosset sono presenti nelle collezioni permanenti del MOMA di New York, della Rubell Family Collection di Miami, del Kunstmuseum di Berna, del Musée d'Art Moderne de la Ville de Paris di Parigi, del MAC - Musée d'Art Contemporain di Lione e di Le Consortium di Digione. Olivier Mosset ha rappresentato la Svizzera alla 44a Biennale di Venezia.
