

Dennis Kardon

Biografia

Dennis Kardon (1950, Des Moines, Iowa – vive e lavora a New York) si è laureato alla Yale University, ha preso parte al Whitney Independent Study Program ed è stato allievo di Chuck Close e Al Held. Pervase da un senso di intoccabile intimità, le tele di Kardon sono “immagini narrative generosamente pittoriche, voluttuosamente raccapriccianti di conflitti familiari, angoscia sessuale e desiderio infantile”, come scrisse Ken Johnson sul New York Times nel 2004.

Per diversi decenni, Dennis Kardon ha sperimentato la capacità della pittura di comprendere lo spettro tra astrazione e rappresentazione iperreale. Con un potere quasi allucinatorio, Kardon tratta la superficie delle sue tele come un campo con varie proprietà di riflessione o distorsione, dando vita a una narrazione che sembra essere stata sconvolta da un evento inaspettato. L'esame di Kardon della figura umana scava nella psiche contraddicendo stereotipi e idee preformate. Il tono stravagante dell'artista serve a pervadere i suoi dipinti con una sensazione di disagio e di familiarità: tutto ciò che riconosci non è mai esattamente come lo ricordi. Paragoni critici sono stati fatti con David Lynch, per la capacità di trovare il gotico nel quotidiano, e con John Currin (che aveva uno studio vicino a metà degli anni '90).

L'ambiguità informa tutta la produzione dell'artista: giocando con la sintassi della pittura e ricontestualizzando in modo fantasioso la pittura spontanea delle fasi precedenti, Kardon trasforma ogni pennellata in un possibile significante per qualcos'altro. Pertanto, i suoi dipinti diventano un veicolo per esaminare come viene costruito il significato e consentono agli spettatori di collaborare alla loro creazione. Kardon sfida il potenziale della pittura creando scene rappresentative che si materializzano da sciolte pennellate astratte.

Inoltre l'infinita sfida intellettuale della pratica di Kardon lo ha portato a controbilanciare la sua pittura con potenti capacità di scrittura e critiche che gli hanno permesso di diventare un collaboratore molto rispettato di diverse pubblicazioni d'arte. Dennis Kardon ha ampiamente esposto negli Stati Uniti e oltre, e il suo lavoro fa parte di collezioni pubbliche come il Museum of Modern Art di New York, il Metropolitan Museum of Art, il Brooklyn Museum, il New Museum, il National Museum of American Art di Washington D.C., il Walker Art Center di Minneapolis e il Los Angeles County Museum of Art.
