

Xiyao Wang

Biography

Xiyao Wang is one of the most prominent young voices in abstract painting. Born in 1992 in Chongqing, she currently lives and works in Berlin.

Renowned for her powerful, immersive paintings, Wang's distinctive use of colour, volume and texture spells out her unique vocabulary. As a way for her to transfer experiences and feelings from her internal space into the external world, her work is highly informed by her personal awareness and sensitivity.

Combining various techniques such as oil and acrylic paint, chalk, graphite and oil sticks, she seeks balance between the canvas and the body in physical displacement. Expressive multicoloured lines evoke the broadness of landscapes, movements and thoughts, composing lyrical arrangements that grace the canvas in harmonious, energetic movements layered onto compact pastel-coloured backgrounds. Through a profound knowledge of both Asian and Western traditions, she instinctively combines influences from Taoism and dance with martial arts. Brimming with energy, her large-scale works capture movement on canvas.
