

# Lily Stockman

## Biografia

Lily Stockman (nata nel 1982 a Providence, Rhode Island) è una pittrice che vive a Los Angeles e a Yucca Valley, in California.

I suoi dipinti riflettono un'ampia gamma di riferimenti e ispirazioni, dai fenomeni naturali - sorgenti, minerali, canti di uccelli, lastre di ghiaccio - alle imprese storiche dello spirito - disegni di doni Shaker, decorazioni medievali, pale d'altare rinascimentali, metriche poetiche. I suoi saggi sono apparsi in numerose pubblicazioni, più recentemente Joan Mitchell: 1979-1985 (David Zwirner, 2024). Le opere di Lily Stockman sono presenti nelle collezioni permanenti dell'Hirshhorn Museum, Washington, DC; del Museum of Contemporary Art, Los Angeles; dell'Institute of Contemporary Art, Miami; del Peabody Essex Museum, Salem, Massachusetts; e dell'Orange County Museum of Art, Costa Mesa, California, dove è stata inclusa nella Biennale della California del 2022, Pacific Gold. Mostre recenti si sono basate e hanno esplorato romanzi come *The Waves* di Virginia Woolf presso Massimo De Carlo, Londra (2023); gli uccelli, le piante e il tempo nella traduzione inglese dell'*Odissea* di Omero di Emily Wilson presso Gagosian, Atene (2023); e l'architettura del primo modernismo presso la Fondation Le Corbusier, Parigi (2024).
